COME FROM AWAY

Suggested Expanded Casting Breakdown

Dear MTI Customer,

Given the keen interest in performing *Come From Away* with a larger cast than 12, MTI is pleased to offer this suggested breakdown for a total cast of 20 (13F/7M).

This list serves as merely a reference point for how a group may wish to divide up some of the smaller roles into a cast of 20 actors. There are countless other permutations of how to split the characters into a larger cast.

Please refer to the Author's Note (page i of the Libretto) for information about Casting, as well as the Character Tracking (page vii of the Libretto) for the Original Broadway Production's breakdown.

Please contact MTI at 212.541.4684 with any additional questions.
